Dated:

To,  
The Project Manager / Contractor / In-charge Officer,  
Construction Sites,  
Bangalore.

Sir/Madam,

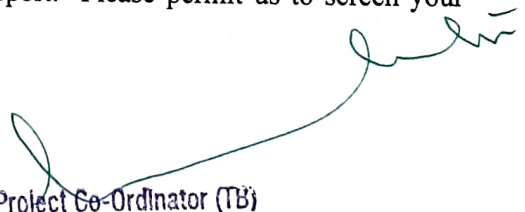

Sub: Permission to conduct TST among construction workers.

The country is moving towards an ambitious goal of Ending TB by 2025 and a collective effort from all states is imperative to achieve this goal. In this regards, appropriate actions / measures / innovations are expected to be undertaken by the states.

The Government of India has announced to eliminate TB by 2025. In this regard, a symptom for TB is screened at all high risk areas when where TB is prevalent. Since, the people working in construction sites are prone for TB infection due to continuous exposure to dust. Active screening of TB is carried out among forthese population.

In Bangalore, the State Government of Karnataka has given the responsibility of screening TB symptoms among construction workers to the health personnel of M.S.Ramaiah Medical College and Indian CST along with BBMP and to submit the report. Please permit us to screen your construction workers for TB symptoms.

Thanking you,

  
Project Co-Ordinator (TB)  
R.N.T.C.P.  
Project Co-ordinator (TB),  
Bruhat Bangalore Mahanagara Palike,  
Bangalore.
